CHANGES IN PARCEL POST SYSTEM

Washington, D. C., Dec. 8.—Postmaster General Burleson's proposals to increase the weight limits of parcel post packages in the first and second zones from twenty to fifty pounds, and to reduce rates in the third, fourth and fifth and sixth zones was approved today by the interstate commerce commission.

The maximum weight of parcels to all zones beyond the second was increased from eleven to twenty pounds. The commission's "consent" to the proposed changes was transmitted in three letters from Chairman Clark to Postmaster General Burleson. The approved changes in rates and weights to be in effect Jan. 1, 1914, follow:

To reduce the rates for the third zone from 7 cents for the first pound and 5 cents for each additional pound to 6 cents for the first pound and 4 cents for each additional pound.

To reduce the rates for the fourth zone from 8 cents for the first pound and 6 cents for each additional pound to 7 cents for the first pound and 5 cents for each additional pound.

To reduce the rates for the fifth zone from 9 cents for the first pound and 7 cents for each additional pound to 8 cents for the first pound and 6 cents for each additional pound.

To reduce the rates for the sixth zone from 10 cents for the first pound and 8 cents for each additional pound to 9 cents for the first pound and 7 cents for each additional pound.

zone from 10 cents for the first pound and 9 cents for each additional pound to 9 cents for the first pound and 8 cents for each additional pound.

"It seems obvious," says the commission, "that the service to the public will be promoted by these changes provided the revenue from the service is not less than the cost thereof. Your experiences and statistics seem to show clearly that the revenue will not be less than the cost of the service. We can conceive of no opposition to the increased weights and reduced rates proposed except from the carriers that transport the mails. We have heard some objections from them on the ground that the increased weight should not be permitted until provision for additional compensation to the carriers has been made."

Book Rate Charged

It is provided by the postmaster general, with the consent of the commission, that the rate of postage on parcels containing books weighing eight ounces or less shall be 1 cent for each two ounces or fractional part thereof, and on those weighing in excess of eight ounces the zone parcel post rate shall apply. This is to be effective March 16, 1914.

CLEAN TOWN CONTEST

Ada Ties for First Place. Another Inspection Will Be Made Soon.

The latest number of Holland's Magazine contains a report of the scores made by the various Oklahoma and Texas towns in the clean town contest conducted by the magazine. According to this Ada, Cherokee, Mangum and Stillwater tie for first place, each making a score of 87. Another inspection will be made to settle the matter. The date of the inspection however, has not been announced.

The other Oklahoma contestants ranked as follows: Blackwell 86, Duncan 80, Okmulgee 80, Wilburton 62.

CHICKASAW MEDICINE MAN IN THE CITY.

Dr. Davis Walton of Conway was in the city today. The doctor has always been recognized as one of the leading medicine men of the Chickasaw tribe, as was his father before him. He is a full blood and does not speak English. He is a small man, being only five feet in height, but on occasions demanding the presence of a medicine man he is always in demand.

TULSA WINS HIGH SCHOOL CHAMPIONSHIP

Shawnee, Ok., Dec. 8.—An intercepted forward pass, with which Tulsa went down the field 90 yards for a touchdown, and followed immediately with another, in the last three minutes of play, lost the state scholastic football championship for Shawnee Saturday afternoon at Oklahoma City. With three minutes to play Shawnee had the game won, 13 to 7. The local boys had outplayed Tulsa all through the game up to that time. Tulsa's two touchdowns turned the score to 21 to 13 against Shawnee. In the last minute of play Shawnee came near scoring her third touchdown.

In the last quarter, with three minutes to play, Shawnee had 7 yards to make on her third down. Young intercepted a forward pass and ran the full length of the field for a touchdown. He kicked goal. The last touchdown was made by Dawson who received a forward pass on the 25 yard line.

THIS DATE IN HISTORY

December 8.

1765—Eli Whitney, inventor of the cotton gin, born in Westboro, Mass. Died in New Haven, Conn., Jan. 8, 1825.

SANTA CLAUS LETTERS.

Ada, Okla., Dec. 5, 1913.

Dear Santa Claus:

I want a bottle of perfume, one of those baby dolls at Mr. Shaw's which has short hair, and a Teddy bear and some oranges, apples and a box of chocolate and some nuts and Dear Santa don't forget to go to see the orphan children at the Baptist home in Oklahoma City. I live on East Ninth street, No. 600. Please come for I have been a good girl. Your little friend,
EDITH RINARD.

Dear Santa: I love you best of anybody.

For a sensible Christmas present buy your wife, mother or sister a Singer Sewing machine is the thing.
—W. C. Williams, Agent. 207-4t

CONFEDERATES FAVOR DISTRIBUTION OF FUND

The Confederate Veterans held their regular monthly meeting Sunday afternoon and had under discussion the proposal to take steps looking towards the distribution of the fund amounting to over \$60,000,000 collected as tax on cotton during the three years after the close of the war. The supreme court decided this tax to be unconstitutional and its collection ceased, but no steps have ever been taken by the government to refund the money thus illegally taken from the Southern planters. As it is now impossible to distribute the fund among those who actually paid it in the form of taxes, it has been proposed that it be returned in the form of a pension to the Confederate veterans, their widows and orphans.

The Ada Camp went on record as strongly favoring a distribution on some equitable basis and appointed A. M. Crow, W. H. Fisher, J. C. Cates, R. M. Roddie and Byron Norrell to draw up a memorial expressing the sentiment of the camp and asking for the co-operation of other camps in the matter. The memorial will be drawn up in a few days and copies sent to Gen. Halley and others who are in a position to expedite the matter and aid in creating an interest that will lead to something definite being done.

A WEEK OF COLD WEATHER

Washington, Dec. 7.—Real winter weather will prevail over most of the country during the coming week.

"The week will open with low temperatures, probably the lowest of the season," said the Weather Bureau's weekly bulletin tonight, "over the interior district east of the Rocky Mountains, and with frost to the middle Gulf of Mexico's coast. During Monday night the cold weather will extend to the Atlantic Coast and rather low temperatures will probably continue over the eastern portion of the country until late in the week. Over the extreme west temperature will rise early in the week, and by the middle of the week it will be somewhat warmer of the Central West. It will be colder during the second half of the week over the Northwest and by the end of the week over the north central portion of the country.

"There will be snow Monday from the lake region eastward, with high winds, but present pressure distribution does not indicate any other precipitation of consequence over the East, South and Southwest."

Baseball Men in Harmony.

New York, Dec. 8.—Magnates of the National League gathering here today for their annual meeting ventured the prediction that no friction would develop during the meeting and that everything would be harmonious. The meeting is scheduled to begin at 2 o'clock tomorrow afternoon and will be preceded by the customary meeting of the board of directors. The chief item of business will be the formal election of Governor Tener of Pennsylvania to succeed Thomas J. Lynch as president of the league. Various matters left over since the close of last season will be cleaned up and there probably will be more or less discussion concerning some proposed changes in the scoring rules. A number of the managers will attend the meeting along with the club owners and some trades in players may result from their coming together, but of late years it has become customary to leave the trading go over until the spring meeting of the league.

Contracts Signed.

Contracts have been signed up for the drilling of a deep oil well south of the city, and Col. Blair says boring will begin within the next week. We predict that a gusher will be the result of the drilling.—Tishomingo Democrat.

Going After Oil at Kingston.

The oil fields south of town are attracting considerable attention, and the work of development is rapidly going on. The well on the Greer farm has been bored to a depth of over 100 feet and good indications for oil have developed.—Kingston Messenger.

FOR RENT—Two nice light house-keeping rooms. \$2.50 per week or \$10 per month.—Mrs. Mary Sprague, 510 West 15th. 207-4t

SANTA CLAUS

Entered at the Postoffice at Ada, Oklahoma, as second class mail matter.

We would like to know if the reason the place where a marriage ceremony is performed is called the altar because it is where the victims are sacrificed.

The Oklahoma City News suddenly discovered that Congressman Scott Ferris will be a candidate for governor next year. However, Mr. Ferris declares that he never heard anything about it, being well content with his present job. Evidently the News was listening at its own key hole.

Bob Williams' candidacy for governor continues to grow in favor with the people of all classes. They realize that in his hands the affairs of the state will be safely and conservatively managed. The News wishes him a glorious victory.

The Tishomingo Capital-Democrat calls on Congressman Murray to announce definitely his plans for the next campaign. If he is going to run for the senate, it wants to know that, too, for such an announcement will greatly clarify the political atmosphere of the fourth district.

The News has a curiosity to know what the Durant Democrat had to say about the Thanksgiving football game and the Ada crowd in general. For about the only time on record we did not receive our exchange copy of the Democrat and a card asking that one be sent has to date brought no response.

The feud between the Madill News-Democrat and Kingston Messenger seems to have been dropped since a number of other papers suggested that the row was becoming a stale affair. In fact, those sheets had called each other so many different sorts of a liar that we were beginning to think that perhaps both were right. However, we

LIFE'S TRAGEDIES.

One of the greatest tragedies of every day real life is an honest man struggling hard to earn a livelihood and save a few dollars and have a foolish wife who keeps his nose to the grinding stone by her extravagant ideas of living and an effort to do society. It is the most discouraging thing in the world to see a man day by day see every dollar he makes struggling and planning being thrown away by an unsympathetic wife.—Cleburne Review.

That is bad enough but there is another story that tells of sadder conditions and greater suffering. One of these, and probably the saddest tragedy in every day life, is a good, pure woman, the mother of bright innocent children, struggling day after day to make her home what it should be, studying the happiness of husband and children, doing drudgery day and night while a trifling husband with no thought but one of self, squanders his earnings to satisfy his own vile cravings without any thought of home or of providing for the future; and there are thousands of such in this world.—Fort Worth Record.

And the worst of it is that opposites seem to attract and two of a kind do not often marry. If the giddy wife would only tie up with the worthless husband, and leave the hard workers to each other, things might be better, but until the end of time we shall see just such cases as above.

Daily Thought.
No great deed is done by flatterers who ask for certainty.—George Eliot.

PIONEER DIES NEAR BEBEE

W. F. Parish died at his home eight miles northwest of Ada, near Bebee, Sunday morning at 9:30. Dropsy was the cause of his death. The interment will take place this afternoon at Box X cemetery.

Deceased was about 71 years of age. He was a veteran of the Union army and had lived in this section 20 years or more. He is survived by seven children.

CHRISTMAS AT THE SCHOOL FOR THE BLIND

For the next two or three weeks children everywhere will think and talk of but little else than of nuts, candies, toys, and of Santa Claus. For the children, through the delights of anticipation, the joys of Christmas are already here. Among those who are looking forward to Christmas, and who should not—and who will not be—forgotten, are the boys and girls in the school for the blind. Last year the superintendent and the faculty planned a round of pleasure for the pupils which made the holidays a season of happiness to all. Several wholesale groceries and candy houses remembered the pupils substantially, and one of the prettiest Christmas trees ever placed in a festive hall was secured for the boys and girls who are attending the state school for the blind. Several thoughtful, kindhearted friends wrote the superintendent for the names of boys and girls to whom they might send Christmas greetings and remembrances. This word is sent out at this time to again announce Christmas plans at the school and to again give an opportunity to friends to send greetings and presents to children who other wise may not be remembered outside of the school. Any one wishing to send presents to a pupil in this school may have the names of several who will be blessed by such remembrance if they will address a letter to O. W. Stewart, Supt. School for the Blind, Muskogee, Okla.

FRISCO ENGINE RUNS INTO OPEN SWITCH

The south bound Frisco passenger train, which arrives at Ada at 5:30 in the afternoon, was delayed four or five hours Sunday afternoon by an accident which occurred about 14th street in the city limits. Some one had left open the switch to the O. C. track, and the engine ran into it, being partially derailed. However, it was not overturned, and none of the coaches left the track. A track was built around the derailed engine and about 10 o'clock the train was taken through by another engine which was sent down.

Big Land Sale Soon

Washington, D. C., Dec. 8.—Much interest is being displayed in the sale of remnant Kiowa, Comanche, Apache Indian lands to be held at Lawton, Oklahoma, beginning December 8. In all 36,675 acres are to be offered for sale under the terms of the law introduced by Congressman Scott Ferris recently. The areas by counties is as follows:

Custer county, 37.50 acres; Blaine county, 946.82 acres; Canadian, 441.45 acres; Caddo county, 3,100.54 acres; Grady county 28.30 acres; Stephens county, 1,572.25 acres; Jefferson county, 985.23 acres; Cotton county, 1,868.58 acres; Tillman county, 3,967.53 acres; Kiowa county, 10,407.87 acres; Comanche county, 10,062.66 acres; School and Agency reserves, 3,256.79 acres.

Judge J. W. Witten and a Mr. Walker of the general land office are now in Oklahoma to determine the settlement cases and who shall have preferential rights to purchase these lands

EAGER-YEARFIN

The marriage of Mr. C. L. Eager and Miss Ollie Yeargin was solemnized at 6 o'clock Saturday afternoon at the home of the bride in North Ada, Rev. R. E. Early officiating.

The marriage took place, in the presence of a few intimate friends, but a large crowd soon gathered and all partook of a bountiful wedding supper, turkey being an important part of the bill of fare.

Both young people are well known to a large circle of friends whom the News joins in wishing the couple a long and happy wedded life.

First Real Mineral Waters.
The manufacture of mineral waters "upon correct chemical principles" was undertaken in America as early as 1806. This was merely "charged water," but it was a great novelty in the days when lack of traveling facilities made the mineral springs remote for many. In 1860 the first establishment was started in New York city.

THE HOME OF COURTEOUS TREATMENT

Phone No. 6.

The Missionary ladies of the M. E. church will hold their Bazaar at Shaw's Department Store, Thursday, Dec. 11th. It is urgently requested that all articles be sent to Mrs. Powers by Wednesday noon. Good home-made candy for sale. 207-4t

The high school pupils will again present "Blundering Billy" this evening. This is a lively comedy and others will appreciate this when told that in playing these instruments she must play in two different keys, a fact that appears almost impossible, as the piano is a soprano instrument and the cornet is a b flat instrument. At the Majestic Tonight.

May Munro performs the difficult task of playing the cornet and piano at the same time. Musicians and others will appreciate this when told that in playing these instruments she must play in two different keys, a fact that appears almost impossible, as the piano is a soprano instrument and the cornet is a b flat instrument. At the Majestic Tonight.

J. D. Gaar, who was in from Latham today, reports the roads in fearful condition the whole way. The wind and sunshine have made the mud somewhat stiff, but no marked improvement has been noted.

This evening the Grand will present as a leading feature the drama: "Cinthy" one of the loveliest stories ever produced in motion pictures. "Jane, of Moth-Eaten Farm" is an Imp. comedy burlesque that will keep you in a roar throughout.

To Wed French Balloon Pilot.
Kansas City, Mo., Dec. 5.—A romance that had its beginning in the international balloon race which started from St. Louis three years ago is to have its culmination here tomorrow in the marriage of Miss Julia Thompson and Ernest G. Schmolck. The groom-elect formerly was a well known aeronaut and took part in numerous competitions in Europe and America. In the St. Louis race in 1910, the start of which was witnessed by Miss Thompson and on which occasion she first met the aeronaut, Schmolck sailed as aid to Jacques Faure in the French balloon Condor. Miss Thompson is the daughter of Dr. and Mrs. John Henry Thompson of this city. Her marriage with Schmolck will be her second matrimonial venture. Her first husband, from whom she is divorced, was Harry W. Loose, heir to the millions of the biscuit-making family.

Your water will be cut off unless you pay your bill by the 10th. 207-3t

NOTHING IN SUPPOSED MURDER CASE

Saturday Levy Cathey died at Roff under circumstances that created suspicion that he had been poisoned. An arrest was made, and the stomach of the dead man was removed for analysis. County Attorney Roland took it to Norman but after an examination the state chemist stated that the death was probably caused by alcohol and the suspected party was released.

Two dollars per month buys a high grade Singer Sewing machine.—W. C. Williams, 123 South Townsend. 307-6t

The News is under obligations to the M. and P. bank for a morroca bound book for filing valuable papers. It is the best thing of the kind ever seen and fills a long felt want for the News.

The Ottoman government intends awarding to private enterprise the contract for the construction in Turkey of villages for Macedonian refugees. Each village will include a mosque and a school in addition to a certain number of houses. For the present it is expected that forty thousand houses will be built.

LUNGS SORE. CHEST FEELS STUFFY. COUGH DRY AND DEEP. CAUGHT A SEVERE COLD

These Symptoms Call for Dr. King's New Discovery, With a Record of Cures for Over 43 Years Back of It.

Dr. King's New Discovery is not a cure all. It is prepared to treat and relieve every kind of cough and cold of infants, children, adults and aged. It was originated during a severe cough epidemic 43 years ago, was an immediate success and is probably the most used cough and cold prescription in the world. Your money refunded if Dr. King's New Discovery does not relieve you.

Don't put off getting relief. Buy a bottle from your druggist today.

Ramsey Drug Company

The County Commissioners have been in session today straightening up the affairs of the township boards which were recently abolished by act of the legislature.

Misses Abbie and Bessie Kitchens spent Sunday at Stonewall with a sick friend.

"It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." Excellent for coughs, colds or any bronchial affection.

Mrs. A. F. Mertz, of Glen Ellyn, Ia., writes: "I had a hard, stubborn cough that I had doctored for over six weeks without my getting any better. Our druggist finally recommended Dr. King's New Discovery and my husband bought a dollar bottle. After using two-thirds of it my trouble eased down, and it was not long till I was completely cured. Dr. King's New Discovery surely deserves all the praise it gets." Sold by

MAIL ORDER KING DIES AT CHICAGO

Chicago, Ill., Dec. 7.—Aaron Montgomery Ward, who rose from a day laborer to the presidency of a mail order house, died today at his residence at Highland Park. The multimillionaire was 70 years old.

Death resulted from a complication of diseases which developed after two falls. About two years ago Mr. Ward slipped on the running board of his automobile at Pasadena, Calif., and broke one arm and a shoulder blade.

Six weeks ago he fell in his home and fractured his hip. The kidneys were injured and pneumonia set in.

Mr. Ward was born at Chatam, N. J. Feb. 17, 1843, the family coming west when he was 8 years old. He advanced himself by his own endeavors until at his death his wealth is reliably estimated at \$15,000,000.

Mr. Ward's long-continued efforts to prevent the erection of buildings in Grant Park won for him the name of "the Watchdog of the Lake Front." At one time there were forty-six projects for buildings in the park, and he fought these projects in the face of general opposition. Two years ago the state supreme court handed down a decision prohibiting the erection of buildings on the lake front.

ALLEN OIL WELL IS STILL FLOWING.

The test well one mile west is still overflowing. A 200-barrel tank has arrived and is being filled by the natural flow of the oil. A 1600 barrel tank is expected to arrive any day, after which pumping will be begun and the exact amount of the flow will be known. —Husteler.

Strange, If True.

Paris, Dec. 3.—Replying to various questions by means of pictures and messages in written characters appearing on her skin is the amazing faculty which has been developed by a 12-year-old schoolgirl residing in the village of Bussat-Bussuel, near Abbeville. Medical men and other scientists throughout France are interesting themselves in the case and all of them so far have confessed themselves puzzled to account for the girl's strange power.

The inexplicable phenomena, which first manifested themselves during the past summer have since been repeated with constantly increased distinctness. The first of the series of pictures was a ladder which was vividly outlined on the girl's arm. Then followed the representations of a tree, a dog, and, after intervals of several days, a horse and other animals.

These were followed by messages referring to different inhabitants of the village, such as "Fedora will not come this morning." "Victor is sure to be taken for a recruit," and many similar statements, imprinted, some on the girl's arms, others on her chest, her shoulders, or her legs and things.

This strange faculty, as though not sufficiently mysterious in itself, was later followed by the even more astounding one of divination. An instance of the possession of this gift, attested by numerous intelligent witnesses, is furnished by a newspaper representative.

The visitor asked the girl if she could tell his Christian name. After a quarter of an hour's silence the girl exclaimed—"Yes, here it is!"

Exposing her leg, there were seen, just above the knee-joint, a number of minute markings. These quickly took shape, and in the space of a few

seconds there appeared, in well formed letters, the name "Henri." This inscription, before it had time to fade away, as they all do after a short space, was duly photographed.

Physicians who have examined the girl pronounce her a perfectly normal child, showing no trace of neurasthenia or of abnormal development.

Attempted Grave Robbery Frustrated.

Last Sunday jouriers came to town for officers to come to the Brown burying ground and arrest ghouls who were attempting to rob a grave at that place. City Marshal Delay and Constable Bob Hume responded and went to the place but were too late to do any good, as the would-be robber had flown. The story is that some parties came up on the robber while at work in the grave having dug down to the box. When discovered he deliberately came up out of the grave and after some conversation with the parties who discovered him, went to the creek near by to wash his hands, and was followed by one of the party, but no attempt to make an arrest was made, and when the officers arrived he could not be located. An Indian by the name of Pickens was buried in the grave about thirty years ago. A short handled shovel was found near the grave with the letters H A A on the handle. It is said that the grave yard was dug into some years ago and it is said that \$8,000 in gold, buried with the Indian, was secured.—Kingston Messenger.

George Hayner, a Worcester (Mass.) printer, 84 years of age, can read twenty-four languages.

French scientists have found a new source of vegetable ivory in the albumen of the fruit of a small palm growing prolifically in the French Sudan.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all of our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

COMMENTS ON SPECIAL EDITION OF NEWS

Mr. R. A. Poole, father of Manager O. H. Poole of the Morning Review, is in receipt of a copy of a special number of the Ada, Oklahoma, News, which is the official organ of Pontotoc county, as is the Review of the city of Cleburne. It contained a very large number of illustrations and was very attractive, having most every prominent feature of that section represented in its columns that was worthy of mention.

One item in particular that interested Mr. Poole, who is now getting up in years, having just passed his 78th birthday, and that was an extended write-up and double column cut of ex-Governor Byrd, who was a boyhood friend of Mr. Poole and their friendship still clings together as that of brothers, keeping in direct touch with each other by correspondence. Col. Byrd commenced public life by serving his county as representative to the state legislature, after which he was elected governor serving his people in this capacity for two terms and was then sent to Congress. He is now retired to private life and is president of a bank in Ada. He has for some time been leader of affairs in his city and has assisted in building the town to its present prosperous stage which seems to be much above the average city, judging from the splendid patronage their home paper, The Ada News, which has consumed two other publications since its origin. This special edition was printed on excellent book paper and is priced at 10 cents or copy.

The Review is gratified to note the continued prosperity in that section of ex-Governor Byrd.—Cleburne Review.

The Ada News put out a special booster edition last week which speaks well for the News and Pontotoc county, and Ada and other towns of the county.—Francis Wigwam.

The Ada Weekly News issued a handsome 36-page special edition last week which was a credit to the News and speaks well for the progressive people of Pontotoc county.—Wilburton News.

The Daily Bulletin is in receipt of an illustrated special edition of the Ada, Okla., News, of which paper Byron Norrell, a son of Rev. A. B. Norrell, and former citizen of Brownwood, is publisher. We have not seen a better paper in a long time and we desire to extend our congratulations to Editor Norrell on the splendid appearance made by this number of his good paper. It will be of incalculable worth to Ada.—Brownwood (Tex.) Bulletin.

Last week the Ada News issued a special illustrated edition, containing 32 pages, including the cover. It was splendidly illustrated with half tone cuts of Ada's enterprising business men and most prominent buildings. It will prove an excellent advertisement for Pontotoc county and the city of Ada, one of the best towns of its size in the state.—McComb Herald.

BRONCHITIS SUFFERER

TAKES DRUGGISTS' ADVICE WITH SPLENDID RESULT.

If any one should know the worth of a medicine, it is the retail druggist who sells it every day in the week and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Uline of West Sand Lake, N. Y., says: "For years I was a great sufferer from bronchitis. Last July I had a severe attack and my friends thought I could not recover it. Then I was advised by my druggist to try Vinol, which I did with wonderful results. My cough has left me; I have gained in weight and appetite and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run-down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient in such cases.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not.—Gwin & Mays Drug Co., Ada, Okla.

P. S. Stop scratching, our Saxo Salve stops itching. We guarantee it.

ELKS HOLD ANNUAL MEMORIAL SERVICE

The Elks of Ada observed their annual memorial day Sunday afternoon. Besides the usual service conducted by the officers of the lodge a quartet composed of Messrs. Walters, Cunning, Wymore and James gave some excellent music and an address by F. P. Lieualien was read. Mr. Lieualien himself having been unexpectedly called from the city. The Ada lodge has lost but one member, Mitchell Katz, and the address was largely devoted to his memory.
